

TuxType2

TuxType 2 is a fun typing game for children. It features Tux the Penguin.

Installing

Download TuxType2 exe from <http://www.openhistory.org/personal/spackman/foss/>
Double click on the file and click on “OK” or “Next” until installation is complete.

Main Screen

TuxType2 will be in the Tux4Kids folder of your Start menu. Click to start. You will see a screen like this:

The choices are:

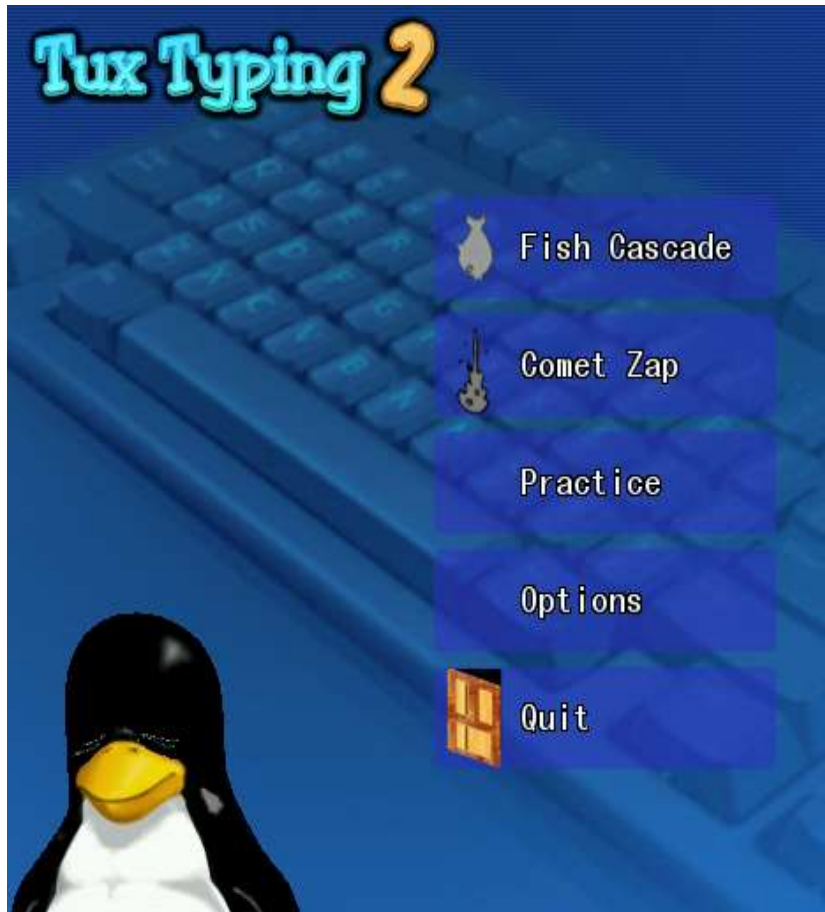

Fish Cascade: Start a new game of Fish Cascade (falling fish)

Comet Zap: Start a new game of Comet Zap (protect your cities from falling comets)

Practice: Letter and word practice that isn't at much fun as the games. Ignore for now.

Options: Change the options. Most important is the “setup language” option.

Quit: Quit TuxType2.

Fish Cascade

This game has fish falling from the sky. Each fish has a letter on it. Tux will eat the fish if you press the correct key.

Levels

There are three levels of difficulty: Easy, Medium, and Hard.

Comet Zap

Save your cities from falling comets.

Levels

There are three levels of difficulty: Space Cadet (Easy), Pilot (Medium), and Ace (Hard).

Quitting

Press the “ESC” key to pause the game or to go to a previous menu.
